Public Facilities Commission Additional Agenda Item for August 5, 2015

Item 1: New Business and Presentation of the Commonwealth Avenue Phase 2A Project by the Boston Transportation Department (BTD).

Presenter: James Gillooly, Deputy Commissioner, Boston Transportation Department

The Boston Transportation Department ("BTD") and its project team will present an overview of the Commonwealth Avenue Phase 2A Project ("the project") and explain the department's request to the Public Facilities Commission ("the PFC") for future assistance. BTD anticipates seeking a delegation of authority from the PFC, pursuant to its powers under the Chapter 642 of the Acts of 1966, at a future meeting to complete orders of taking, on behalf of the city of Boston, for temporary construction easements concerning properties abutting Commonwealth Avenue in Boston and Brookline.

Note: Those properties located in the town of Brookline will only be acquired by BTD with authority granted through special legislation from the Massachusetts legislature. The taking authority for property interests is vested in the PFC within the terms of Chapter 642 of the Acts of 1966 and is limited to properties located within the city of Boston.
